

CHURCHYARD MAP.

As Churchwarden, I am in the process of updating the map for the new part of the Churchyard, which is the area beyond the wall.

As part of this update I would like to include all next of kin, who are responsible for each grave/ monument, and their contact details. This information will be useful in the future if, due to moles, tree roots or subsidence, a monument starts to lean and becomes a danger to the public. If you are responsible for caring for a relative's grave, please get in touch with me with details. Thank you.

The map runs from the first row being 'A' to the current row being I think 'M' or 'N' and the numbering runs from the cobbled path. I shall also in time be turning this round into an Alphabetical list to make it easier in the future when searching for a particular name.
