Subject: RE: LIME TREES, CHURCH LANE, GAWSWORTH

Jane / Peter

I have served a notice under section 154 Highways Act 1980 on the Brewery with reference to Peter's schedule. They have 14 days to respond and 21 days right of appeal to a magistrates court if they are aggrieved by the requirements of the notice. Hopefully they will respond positively but one way or the other the required work will be completed in due course in compliance with the requirements of the H Act which I will implement.

The trees thought to be in the ownership of Mr Simpson are actually on the portion of land purchased by the CC in the 1940's.

I am arranging for these trees to be dealt with as highway trees along with the others in county ownership.

Hello Councillor,

I am sure Steve is in a position to contradict the 'in our opinion...' sentiment, there is after all the 1980 Highways Act, and as the professional officer involved I will be available should any further technical input be required.

Best wishes

Peter
